

Comforts of HomeSM: Renovation Checklist

Your Outdoor Room Checklist

Whether you'll be creating your outdoor room yourself, hiring a contractor or leaving everything to your new home builder, use this form as a starting point for determining what you want.

Print it out and complete all items on the checklist. Then take it to your builder, contractor or local home improvement store design center for assistance in developing detailed plans and material lists. Be sure to take along pictures or articles from magazines and the Internet that show examples of what you like.

For information about putting the energy of natural gas into your outdoor room, or about the benefits of natural gas appliances, please contact PSNC Energy Customer Service at (866) 546-5369.

Outdoor Room Usage (Circle all that apply):

All-season usage Seasonal only Unsure

| <input type="checkbox"/> Prefer natural gas light (don't attract bugs, stay on during power outage) | | | | |

Gas Service

- I have gas service. I need to convert my home to gas.
- I have a gas grill connection (or other outdoor gas appliance connection).

Natural Gas. Experience the Difference.SM
