

# Don't get caught in the storm!

You can be ready when a storm strikes. Keep your power on and your home cool with an automatic standby generator.

In unpredictable weather, you can count on an automatic, stand-by generator to keep your home, your family and your pets safe and comfortable during power outages. Your generator will turn on when the power goes out and will turn itself off once power is restored.

## Other benefits include:

- 1 Power for your heating and A/C, water heaters, well and sump pumps, kitchen appliances, and lights and receptacles.
- 2 Connects to your natural gas line, giving you year-round protection, 24 hours a day.
- 3 Increases your home's value and with proper maintenance can provide years of cost-effective dependability.
- 4 Professionally installed by licensed generator technicians.
- 5 Affordable financing options available.
