2. Applicants must be the customer of record OR own the facility where the installation occurred for an active PSNC Energy account. Only one rebate may be given per installation.
3. Rebates are valid for purchased equipment; leased equipment will not qualify.
4. All equipment must be new, purchased and installed prior to submitting a rebate application.
5. Applicants are responsible for ensuring that equipment installed for this program meets all applicable codes, standards and requirements.

2. No more than two rebates are allowed at any installation address in a 12-month period, and no more than 10 rebates are allowed per applicant in a 12-month period.
3. PSNC Energy issues rebates in the form of utility bill credits unless the applicant is not a PSNC Energy customer of record (e.g., facility-owner only).
4. If equipment is returned after the rebate is paid, the applicant will reimburse PSNC Energy for the rebate paid plus associated legal and/or collection related costs.
5. PSNC Energy reserves the right to inspect the installation. If the facility does not have the qualifying appliance installed, the rebate will be debited to the utility account or reimbursed to PSNC Energy.
